Independent Accountant's Review Report

Members of the Board of Directors United Way of Southeast Alaska Juneau, Alaska

We have reviewed the accompanying financial statements of United Way of Southeast Alaska (a nonprofit organization), which comprise the statements of financial position as of August 31, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

August 31, 2019 and 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General Organization and Purpose

United Way of Southeast Alaska (UWSEAK) was organized for the purpose of assessing on a continuing basis the need for health and social service programs; to seek solutions to human problems; to assist in the development of United Way member agencies; to promote preventive activities; and to foster cooperation among local, state, and national agencies serving the community. In fulfilling these purposes, UWSEAK receives and distributes both private and public pledges in accordance with the donor wishes through two different fundraising campaigns: the private campaign, and SHARE (State of Alaska) Campaign.

The private campaign is administered by United Way of Southeast Alaska who is responsible for managing the fundraising drives, and collecting and disbursing all moneys received from the annual campaigns. The SHARE campaign is administered by United Way of Anchorage but UWSEAK is responsible for disbursing all promises to give per the donor's designation.

B. Basis of Accounting

United Way of Southeast Alaska's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and accordingly reflect all significant receivables, payables, and other liabilities.

C. Basis of Presentation

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Notes to Financial Statements, Continued

D. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, UWSEAK considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents.

E. Certificates of Deposit

UWSEAK classifies certificates of deposit with a maturity of greater than three months from year end as certificates of deposit.

F. Promises to Give and Donor Designations

Contributions from campaigns are recorded as revenue when United Way is notified in writing of an unconditional pledge. Donor designations are recognized as a receivable and a payable at the time the pledge is made to United Way and are not included in net campaign results.

Annual campaigns are predominantly conducted in the fall. The total results from the annual campaign are reduced by promises to give collected on behalf of others (donor designations) and by a provision for amounts promised but not paid (uncollectible promises to give).

Differences between amounts provided for uncollectible promises to give in each campaign and actual losses are an accounting adjustment in the year following the campaign.

G. Prepaid Expenses

Payments made to vendors for services that are applicable to future accounting periods are recorded as prepaid expenses.

H. Equipment

Purchased equipment and software are recorded at cost and are depreciated on the straight-line method using useful lives ranging from 3 to 5 years. Acquisitions in excess of \$5,000 are capitalized.

I. Designations Payable

Designations payable are based on designated amounts pledged during each of the annual campaigns. This is in accordance with the Code of Federal Regulations for the Combined Federal Campaign. Distributions to agencies are made on a quarterly basis, and are paid net of each agency's share of allocable campaign expenses. Combined Federal and Private Campaign expenses are allocated to each agency in proportion to their percentage of designated contributions.

Notes to Financial Statements, Continued

SHARE campaign expenses are deducted by United Way of Anchorage before releasing the promises to give to United Way of Southeast Alaska for distribution. Designations payable consist of current year end amounts due from the Fall 2019 and 2018 campaign pledges.

J. Deferred Revenue

Deferred revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met.

K. Advertising

United Way expenses advertising costs as they are incurred. At August 31, 2019 and 2018 advertising costs were \$31,634 and \$8,789, respectively.

L. Income Tax Status

United Way funds qualify as tax-exempt organizations under Section 501(c)(3) of the Internal Revenue Code and, therefore, no provision for federal income taxes has been made. UWSEAK has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509(a) of the Code. Although the Organization is exempt from federal income taxes, any income derived from unrelated business activities is subject to the requirement of filing U.S. Federal Income Tax Form 990-T and a tax liability may be determined on these activities. The Organization's policy is to report interest and penalties associated with uncertain tax positions as interest expense and other expense respectively. Management is not aware of any uncertain tax positions that would require financial statement recognition or disclosure. With few exceptions, the Organization is not subject to audit of its tax returns prior to 2016.

M. Budgets

Budgets are adopted for operations annually and are revised as necessary throughout the year.

N. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

O. Fair Value of Financial Instruments

The fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Notes to Financial Statements, Continued

The Organization discloses its estimate of the fair value of material financial instruments, including those recorded as assets or liabilities in its financial statements and derivative financial instruments.

The following financial instruments are recorded at fair value or at amounts that approximate fair value: (1) cash and cash equivalents, (2) certificates of deposit, (3) receivables, net, (4) certain other current assets, (5) accounts payable and (6) other current liabilities. The carrying amounts reported in the statements of financial position for the above financial instruments closely approximates their fair value due to the short-term nature of these assets and liabilities.

P. Donated Goods and Services

Donated services are recognized as contributions in accordance with FASB ASC 958, Accounting for Contributions Received and Contributions Made, if the services (1) create or enhance nonfinancial assets or (2) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. In-kind contributions for space, supplies, and professional services are recorded in the statement of activities at market value and recognized as revenue and expenses in the period they are received, except for donated equipment, which is recorded as revenue in the period received and the asset is depreciated over its estimated useful life.

Q. Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include office rent which is allocated on a square footage basis, as well as salaries and benefits, stipend, payroll taxes, professional fees, telephone and internet, office supplies, printing, postage, advertising, fees and licenses, bank fees, insurance, events and meetings, training and development, travel, technology operations, and recognition awards, which are allocated on the basis of estimates of time and effort.

II. CASH AND CASH EQUIVALENTS

The bank accounts are maintained at three financial institutions. Accounts at each financial institution are insured by the Federal Deposit Insurance Corporation up to \$250,000 per bank. At August 31, 2019 and 2018, UWSEAK had no uninsured and uncollateralized deposits.

Notes to Financial Statements, Continued
